**★★★★★**  
"I have extreme redness in my cheeks and was so neutralized so much I don't typically wear makeup this is definitely my new go-to product."  
— HAYLEY

**★★★★★**  
"It visibly reduced discoloration from acne and sun spots in 4 weeks. I will definitely continue to use this serum!"  
— TIANA

**★★★★★**  
"I have extreme redness in my cheeks and wow this neutralized it so much! I don't typically wear makeup so this is definitely my new go-to product."

**fancy packaging**

Meet the sensitive skin-friendly ingredients inside Chlorophyll Discoloration Serum.

<b>1% ALPHA ARBUTIN</b> Improves the look of discoloration, UV damage, and post-blemish marks	<b>LICORICE ROOT</b> Amplifies overall spot-fading benefits
<b>CHLOROPHYLL</b> Offsets redness and boosts radiance	<b>PANTHENOL</b> Soothes, moisturizes, and leaves a healthy glow

**A GENTLE WAY TO FADE DISCOLORATION**

**EASY ADDITION TO YOUR ROUTINE**

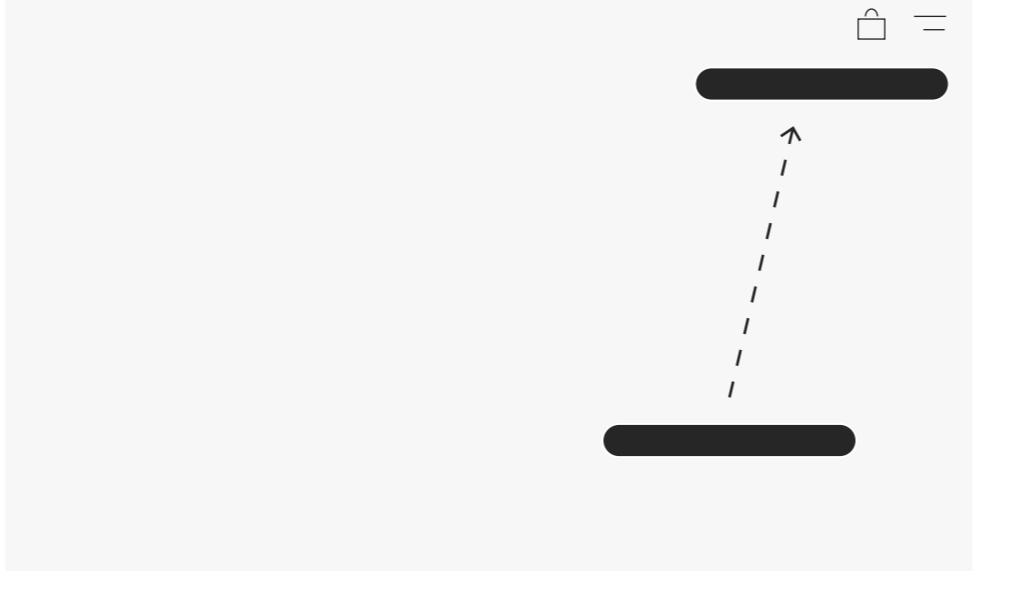

Apply daily AM and/or PM  
Can be used with any other serums  
If using with ceramide serum, apply chlorophyll serum first  
Use before moisturizer/SPF
